

## ALL ENGAGED IN FRENZY OF JOY

The Fall of Mafeking Has Set the Whole Nation Shouting.

## LONDON IS WILD TODAY

Millions Pass the Night Upon the Streets in a Tempest of Cheers.

## FRANTIC ACTS OF ENTHUSIASM

London, May 19.—[Special Cablegram]—The official announcement of the relief of Mafeking has not yet been received, due to lack of communication between the column and base. London today is elaborately decorated in honor of the event. Pictures of Powell are hung everywhere. The celebration kept up all night, is continued today.

London's millions spent the night in the street and even at four o'clock this morning troops of young men are promading, singing and cheering and there are crowds in front of the Mansion house, Marlborough house, the clubs on Pall Mall and the war office and in Parliament square, waving flags and joining in the national airs.

This sustained howling and uproar of hundreds of thousands amazes the Englishman, who ceases for a moment to be an actor and becomes merely an observer. Sober, phlegmatic London is beside itself with emotion.

Gusts of patriotism have set the town quivering twice or thrice before during the war, but nothing has quite equalled tonight's hundred square miles of almost furious demonstrations.

### Women Join Gray-Haired Men

It was a curious thing for the onlooker to see solemn, gray-haired men toss their opera hats into the air and join in the hurricane of cheers when a wreath-crowned banner with the portrait of Colonel Baden-Powell on it was borne along Piccadilly.

Smart women in broughams waved union jacks out of the windows. Conventional family parties stopped on street corners to take part in "God Save the Queen" and "Soldiers of the Queen." Everywhere were abandon, good feeling and an astonishing roar of human voices.

### Salisbury Congratulates Victoria

London, May 19.—[Special Cablegram]—Lord Salisbury visited the Queen at Windsor today and offered congratulations on the relief of Mafeking.

At two o'clock this afternoon when business closed an enormous crowd gathered in front of the Mansion house cheering and indulging in horse-play with hurrahs for Baden-Powell, Roberts, the army and everything in general. In the middle of the celebration a hose was turned on the crowd. But the stream was braved with stoical indifference. The police are taking elaborate precautions against tonight's orgies. Already men who have sacrificed themselves to the glory of Mafeking are in evidence. The police expect to have their vans full tonight. The authorities will be lenient, only the most violent "drunks" will be arrested. The celebration is still progressing throughout the United Kingdom.

### Mafeking Relief Column

Cape Town, May 19.—[Special Cablegram]—The Mafeking relief column consisted only of fifteen hundred men, the Kimberley light horse, and the South African light horse. They were exclusively Cape Colony troops excepting a detachment of Yeomanry. Three Maxim were with the expedition which carried little baggage. They avoided the Boer intercepting forces who seeing themselves outwitted dispersed.

## MC COY DOES UP CREEDON

New York, May 19.—Charles ("Kid") McCoy easily defeated Australian Dan Creedon at the Broadway Athletic Club last night before one of the largest crowds that ever assembled in the club. Thirty-four seconds of the sixth round was all the time needed to turn the trick, and McCoy could have brought the fight to a speedier conclusion had he been so disposed. Creedon made a very poor showing. At no time did he land a blow that hurt McCoy.

## WISCONSIN'S BAN ON HAZING

Faculty Suspends Seven Students But May Soon Reinstates Them

Madison, Wis., May 19.—As a result of recent hazing episodes seven students at Wisconsin University—three sophomores and four freshmen—were suspended at a meeting of the faculty held last evening, the suspensions to continue until Nov. 1.

It was practically agreed that if the two classes involved would give assurance to the faculty that as a student body they will honestly strive to suppress hazing the suspensions may be annulled. At class meetings held the conditions were met, a resolution being passed to discourage and discontinue the practice of cane rushing and hazing.

## HIGH WATER MARK REACHED

Total of 15,000 Immigrants This Week at the New York Barge Office.

New York, May 19.—Immigration at the barge office has reached the high water mark this week. During that time 15,000 immigrants have arrived at this port. Forty per cent of the new arrivals were Italians.

## CREED REVISION UP AT ST. LOUIS

Great Problem Presents Itself to the Presbyterian Assembly—Sunday Observance Question.

St. Louis, Mo., May 19.—Creed revision came before the general assembly today with as little ado as if it were a matter of little importance whether the constitution of the Presbyterian church should remain as it is, be amended, or be shelved to make way for a new creed. The evertures from the twenty-five or thirty presbyteries ask for varied lines of action. Some desire a revision of the Westminster confession of faith, while others ask for a new creed. Others still would like to have the old creed revised and a new doctrinal statement added, which they are pleased to term a working creed.

The Sunday question, like the temperance question, seems to stir all the bad blood that there is in the assembly, these two topics, which touch the family life of the nation most deeply, seeming to cause more friction than any others.

The report of the special committee on Sunday observance as usual condemned "seven day journalism" Sunday excursions, and the appropriation of money for expositions which remain open on Sunday.

## HENDERSON HONORS WISCONSIN MEN

Cooper and Jenkins Selected to Preside Over Important Sessions of the House.

Washington, May 19.—Speaker Henderson is doing his part toward bringing several representatives from the Northwest to the front by making them presiding officers of the house. Speaker Henderson is recognizing the Wisconsin members, and especially his close friends among them with the honor. Representative Cooper presided while the Nicaragua Canal bill was under consideration, and now while the Alaskan Code and Civil Government bill occupies the time of the house, Representative Jenkins is the presiding officer.

Senator Spooner will speak on Monday in the senate on the Philippine question.

## GREAT BRITAIN'S RECENT WAR STEPS

Government Bill Making Volunteers Liable to Service in Either Home or Foreign Warfare.

London, May 19.—In the house of lords today the secretary of state for war, the Marquis of Lansdowne, introduced a bill to extend the powers of the volunteer act by providing that volunteers may be mobilized in any great emergency, instead of only to repel actual invasion, and also to enable volunteers to enter into an agreement rendering them liable to be called on at any time for either home or foreign service.

## SULTAN'S ENVOY IS IN WASHINGTON

Admiral Akmed Pasha It is Believed Has Authority to Settle the Indemnity Trouble.

New York, May 19.—[Special Telegram]—Admiral Akmed Pasha, special envoy of the Sultan of Turkey, arrived last night. He went direct to Washington. It is believed he is empowered to settle the indemnity trouble.

### Wisconsin Endeavorers Meet

Waukesha, Wis., May 19.—The opening session of the sixth annual convention of the eastern district of Wisconsin Christian Endeavor union was held at the Congregational church last evening. The program opened with a song service. The Rev. I. L. Cory delivered the address of welcome and State President Arthur C. Kempton made the address of the evening, his subject being, "If Jesus Were in My Place What Would He Do This Year?" A reception of delegates closed the session.

## URGES FILIPINOS NOT TO GIVE UP

Aguinaldo Discredits the Commission Appointed by the President.

## WANTS TO FIGHT IT OUT

Americans Killed 209 of the Rebels in the Catarna Battle May 1.

## HARD FIGHTING AT LEGASPI

Manila, May 19.—A proclamation purporting to have been issued by Aguinaldo and dated May 4, from Polillo Island, one of the Philippine group east of Luzon, is circulating in Manila. It says the commission appointed by President McKinley was appointed without the authorization of congress and that hence it cannot treat officially.

It urges the Filipinos not to surrender their arms at the instigation of the commission and on promises which congress may not ratify, and also urges the Filipinos to enthusiastically welcome the commission when it arrives in the town and provinces, asking boldly for the form of government they most desire as the Americans permit freedom of speech.

The proclamation closes with asking the Filipinos to still strive for liberty and independence and again warns the commission against deception.

### Americans Killed 209 Rebels

In the Catarna fight, Island of Samar, May 1, 700 of the enemy attacked the men of the Forty-third infantry. The Americans killed 209 of the rebels by actual count. Only three Americans were wounded.

Major John C. Gilmore and 100 men of the Forty-third regiment were ambushed May 6 near Pambujan, Samar. Seventy-five of the enemy were killed, and there were no American casualties.

The transport Lennox has returned here after landing four troops of the Eleventh cavalry to reinforce Colonel J. Franklin Bell, Two troops, Major Hugh T. Sims commanding, were landed at Legaspi, and proceeded across the country to strengthen the garrison at Liagua. They found numerous entrenchments manned by insurgents between the towns, and were two days on their way, skirmishing, dismounting constantly.

Their only loss was three horses. The officers report that they killed forty insurgents, but the natives declare eighty were killed.

## THREE POISONED BY WILD PARSNIPS

Sad Calamity to the Family of Mr. Lipke at Appleton—Only One Dead.

Appleton, Wis., May 19.—[Special Telegram]—Three children of Mr. Lipke were poisoned by eating wild parsnips this morning. The eldest child a girl of thirteen years died before anything could be done for her. The other children who are affected by the poison are in a fair way to recover.

## ZION LACE WORKS CHARTERED

Dowie Proposes to Make the Nottingham Fabric in Lake County.

Chicago, May 19.—The Zion Lace industries was incorporated at Springfield yesterday by John Alexander Dowie, H. W. Judd and Samuel W. Packard. The capital stock is \$1,000,000. Certain men of Nottingham, England, are said to be in the enterprise, and their factory at that city is now being taken down and the machinery packed up to be shipped to Waukegan and set up on the shore of Lake Michigan. Dowie retains a majority of the stock. It is expected to begin making lace in the fall.

## STEAMER CORINTHA ASHORE

It Is Not Known That There Will Be Loss of Life.

Port Au Prince, May 19.—[Special Cablegram]—The Steamer Corinthia from New Orleans to Cape Town with mules for the British is ashore at Point Gravois. She has one hundred and forty men aboard. It is not known that there is loss of life.

### In Congress Next Week

Washington, May 19.—[Special Telegram]—The conference reports on the appropriation bills and the consideration of the Alaskan code bill will occupy the house next week. In the senate the Philippine bill is unfinished business. The Clark case promises to be an absorbing topic for the week.

### For the State Militia

Washington, D. C., May 19.—Senator Sewall from the Committee on Military Affairs, made a favorable report on the house bill appointing annually \$1,000,000 for the purpose of providing arms, equipments for the militia of the various states.

## CAPITAL AND LABOR BOUND IN HARMONY

Machinists and Their Employers Provide Against Disagreements.

## BE NO MORE STRIKES

Two Hundred Thousand Men and \$75,000,000 of Capital Is Benefited.

## ARBITRATION IS TO PREVAIL

New York, May 19.—Two hundred thousand workmen and \$75,000,000 in capital are bound in harmony by an agreement reached yesterday afternoon by the arbitration commissions of the National Metal Trades Association and the International Association of Machinists, which have been in session for days at the Murray Hill Hotel in this city.

In brief, the troubles between the machinists of the United States, Canada and Mexico and their employers are at an end and an arbitration plan has been reached after a discussion of great length but absolute harmony.

For ten days labor and capital have met and talked and worked together early and late. Every phase of the vexed labor question has been taken up, and the result is that an end has been reached which is near Utopian as anything possibly can be.

From this time on there can be no strike on the part of the men nor no lockout on the part of the employers unless the national board of arbitration so decrees. Every other means must be employed to convert every contingency, and while the troubles that may arise in the future are being discussed by the arbitrators the men must stay at work if the grievance is on their side.

If the employers are the objectors they cannot lock out their employees. The work must be done and the wages paid, no matter which side has a grievance. If the national arbitrators fail, which is considered out of the question, then a strike or a lockout may be declared.

This is the chief feature of the agreement which was fully concurred in at the final sessions here yesterday.

## GEN. SHAW TO ATTEND

Commander-in-Chief of the G. A. R. Will Visit Superior During State Encampment.

Milwaukee, May 19.—Commander-in-Chief Albert D. Shaw of the Grand Army of the Republic has written Department Commander S. H. Tallmadge that he will be at Superior June 19, the evening when the big campfire of the Wisconsin encampment will be held. Another engagement will prevent Gen. Shaw from remaining through the encampment, or attending any of the business sessions. The state encampment does not meet until Wednesday, June 20, although the Council of Administration has been called together at 3 o'clock Tuesday afternoon. The department train will leave Milwaukee on Monday, the 18th, with the department commander and his staff.

## CONGRESS ACCEPTS THE GRANT STATUE

Notable Exercises in Both House and Senate Today—Gift of the Grand Army.

Washington, May 19.—[Special Telegram]—The Grant statue was formally accepted by Congress today. Exercises in the house and senate consisting of speeches by McCleary, Grosvener, Richardson, Cummings, Linney, Gayle, Berry, Warner, Gardner, Brosius and Dilliver. The Grant family were the apical guests of the occasion. The unveiling was informal. The statue is of pure marble. It is as he appeared in uniform before Vicksburg.

## THREE ARE DEAD AND NINE INJURED

Southern Pacific Train Goes Through a Trestle Bridge at Clifton, Arizona.

Tucson, Arizona, May 19.—[Special Telegram]—Dick McAfee, fireman, engineer Slotman and brakeman Simmons were killed and nine others injured on a Southern Pacific train which went through a bridge at Clifton this morning.

The commissioners of the District of Columbia have forbidden the sale of giant firecrackers and dynamite torpedoes.

## HAS A COLD-STORAGE STOMACH

School Teacher At Alto Pass, Ill., Has a Marvelous Capacity.

Alto Pass, Ill., May 13.—F. M. Spawn, aged 19, a school teacher here, has exploded all psychological theories regarding the capacity of the human stomach by eating and drinking in one evening, in addition to his regular supper, one can of tomatoes, one can of peas, one can of sardines, seven glasses of soda water and two quart bottles of temperance drinks. This is only one of the many like achievements by which he has astonished his acquaintances.

## BELOIT FRESHMEN DEBATE

Defeat Ripon Debaters in Contest at Beloit

Beloit, Wis., May 19.—The third annual Freshmen debate between Beloit and Ripon college came off last evening in the auditorium of Pearson's hall and Beloit was awarded the unanimous decision.

The judges were: The Rev. F. V. Stevens, Whitewater; the Rev. H. Richards, Racine; the Rev. R. C. Denison, Janesville.

## GOVERNOR SMITH NAMES MAGINNIS

Mr. Clark Will Not Succeed in Breaking Into U. S. Senate on Trick Credentials.

Washington, May 19.—Governor Smith's appointment of ex-Congressman Martin Maginnis to the senatorial vacancy in Montana makes it absolutely certain that Mr. Clark will not succeed in getting back into the senate upon his trick credentials. There was very little doubt of that before and none at all now. There will be two sets of credentials for the senate to consider, and of course both will have to be referred to the committee on elections for investigation and report.

Even if the Clark credentials arrive first the senate will not permit him to be sworn, for it has notice of the coming of the other appointment, which is expected here on Tuesday. Once in the hands of the committee there is small probability that either appointment will be reported back to the senate at this session of congress. The whole case is likely to go over without determination by the senate, both appointments and the resolution declaring Clark not legally elected falling by the wayside.

## BOER ENVOYS REST AT WASHINGTON

Nothing to Indicate That They Will be Given Any Official Recognition.

Washington, May 19.—[Special Telegram]—The Boer envoys remained at the Arlington hotel till late this afternoon when they went out for a drive. They received many callers during the day with whom they discussed their future movements. Their greeting last night was very gratifying. However, there is nothing to indicate that they will receive any official recognition. Sunday evening the mass meeting and reception will be held at the Grand opera house with Congressman Sulzer presiding.

## BUBONIC PLAGUE IN SAN FRANCISCO

Lively Consternation in the Golden Gate City—Inspectors Working in Chinatown.

San Francisco, May 19.—[Special Telegram]—Notwithstanding the denials of some members of the health board, there is not much doubt but that the bubonic plague exists here. Mayor Phelan has issued instructions to the board to give out no further information. Fifty more inspectors began work in Chinatown this morning. All means of transportation are closely watched.

## TROOPS CALLED OUT IN ST. LOUIS TODAY

Strikers are Desperate and Angry and Have the Sympathy of All Working Men.

St. Louis, May 19.—[Special Telegram]—The street car strike resulted in serious riots today all over the city. The governor has called out the state troops.

It is feared that bloodshed will follow tomorrow. The strikers are angry and desperate and have the sympathy of all working people.

## METHODISTS SEE DANGER IN DANCING

The Tendency in Society Toward That Amusement Harmful.

## TO ABOLISH TIME LIMIT

Dr. Buckley Opposes a Change in the Itinerary—Rural Districts Against It.

## DECLARE AGAINST TOBACCO

Chicago, May 19.—[Special Telegram]—On the ninth ballot announced this morning Dr. Berry again lead by twenty-two votes in the contest for bishop. It is expected that he will be elected on the tenth ballot. Neely led Spellmeyer. Adjourned at noon until Monday.

Chicago, Ill., May 19.—[Special Telegram]—The Methodist church will not, if the report of the committee is accepted, alter its position toward playing cards, dancing and certain other amusements. The amusement question is settled so far as the committee on the state of the church is concerned.

By a vote of 45 to 25 the committee today decided to recommend that the section on prohibited amusements be taken out and that a new section be inserted in the chapter on adjectives. The paragraph to be inserted is as follows:

Thinks Dancing Dangerous. Our church, from the beginning of its history, insists that dancing, playing at games of chance, attending theaters, horse races, circuses, dancing parties, or patronizing dancing schools and other amusements which cannot be used in the name of the Lord Jesus, are perilous to the spiritual life and influence of the members of our church and enervating to the spiritual power of the church in the great work of saving souls.

The tendency in social circles toward dangerous amusements was never stronger than it is at the present time, and therefore we deem it wise to reaffirm our historic attitude upon this subject and urge our people to abstain from and bear their unwavering testimony against all amusements and diversions which endanger Christian life and represent the spiritual power of the church.

This advice must not be interpreted as the waiving of the church's right to call to account any member who continues to indulge in these diversions which cannot be used in the name of the Lord Jesus.

### Vote On Missionary Bishops

The conference accepted the recommendation for two additional missionary bishops for Asia, and balloting for them began this morning.

Zurich, Switzerland, was decided upon by the committee on episcopacy as an episcopal residence, and one of the newly elected general superintendents may be assigned to the station.

### Would Abolish Time Limit

The time limit reached the conference and the debate was continued this morning. A majority report recommended the elimination of all reference to time. A minority report recommended a tenure not beyond ten years.

Dr. Buckley opposed any change in the itinerary. He told the conference that if it made the change it would be the most detested general conference in church history. He said three-fifths of the membership of the church was in the rural districts, where no change was desired.

### Declare Against Tobacco

The temperance committee formulated a declaration that the use of tobacco and its sale by members of the church are offensive. It was said at the meeting that only ten delegates to the general conference used tobacco.

Chicago, May 21.—The additional ballots taken showed the following figures for the leaders:

	Sixth.	Seventh.	Eighth.
Henry Spellmeyer.....	309	372	372
Joseph F. Berry.....	264	294	235
David H. Moore.....	259	276	284
John W. Hamilton.....	232	255	248

Dr. Spellmeyer was, on the last ballot, only eighty-four votes short of the necessary two-thirds majority.

## THOUSANDS DIE OF CHOLERA

Disease Spreading Rapidly Among India's Famine Relief Camps.

Manchester, May 13.—The Guardian's correspondent, Vaughan Nash, cables from Hyderabad that the cholera is spreading fast in the famine districts. In one division forty-five famine camps have been attacked. Many thousands perished at Gujarat and there have been 1,000 victims in the Godhra camp. The correspondent concludes: "I fear an appalling loss of life is inevitable."

## FORTY MEN HERE MAY JOIN MOVEMENT

They Will Fight the Assessment Made By the Masonic Aid Insurance Company.

Local Masons and others, who were formerly members of the Northwestern Masonic Aid Insurance company, have been notified that ex-members in all portions of the state are contemplating joining in one united movement to fight the alleged back assessments. A meeting may soon be called. There are forty interested in Janesville.

## BIG STOCK FARM FOR ROCK COUNTY

F. W. MORGAN'S NEW VENTURE NEAR CITY OF BELOIT.

Bicycle Tire Man to Turn 1,000 Acres Into Model Country. Home—Will Have Waterworks and Private Drives—All the New Inventions Will Be Used.

Beloit, Wis., May 19—What, it is claimed, will be the most extensive stock farm in Wisconsin, or Illinois is to be established near here by F. W. Morgan of Morgan & Wright, Chicago, at a cost of \$150,000. The farm will consist of 972 acres and lies near the border line separating the two states. From this farm blooded stock will be bred and disseminated throughout Wisconsin and Illinois on a scale never before attempted in either state.

Supt. Charles Everett The big farm will be under the superintendency of Charles Everett, president of the Wisconsin Dairymen's association, and a well-known farmers' institute conductor. Mr. Everett selected the land and will, next week, close the deals by which nearly 1,000 acres will be taken into the big inclosure embracing no less than ten separate farms near the limits of the town.

The object of the undertaking is to breed cattle, horses, sheep and hogs. Buyers will scour the country for the best domestic stock and agents will be appointed to pick up in Europe the best specimens of high class animals. Mr. Morgan has had the project in mind for the last three years. He had enlisted the hearty co-operation of Prof. W. A. Henry, dean of the Wisconsin Agricultural college. Up to within three months ago he had found neither land nor a man in whose hands to trust the enterprise. About that time Mr. Everett was induced to take hold of the matter and the work is now under way. All of the land has been bought. The cost is about \$85,000. Mr. Everett said today that the work on the buildings would soon commence.

Buildings Will Be Large Architects have already planned some of the most extensive and costly farm buildings ever erected in the state. The main barn will be 360 feet square, with an open court 300 by 90 feet. Within this building will be four large brick silos. The foundation and floor will be concrete. The plans call for a great abundance of ventilation and light. Within the barn, which will be heated by steam and illuminated by electricity, will be a suite of living rooms for the help, fitted up in modern style, with all conveniences, including bath rooms and office. The feed will be carried from the silos and feed bins to feed racks by conveyors on an overhead track reaching every portion of the barn and yards. The buildings will cost \$80,000.

Elaborate arrangements have been made for a water supply. Turtle creek, which runs through the tract, will be dammed and the water forced by pumps to tanks elevated in the big barn. A supply of 100,000 gallons a day may be had from the dam.

Reservoirs for Water In addition to this system of waterworks large reservoirs will be built on the bluffs. These will be kept full of water to be used for irrigation purposes at different places on the farm.

Landscape art is to be employed to touch up the premises about the dwellings and barns. This work in part, together with the locating of the buildings, will be done by Warren Manning of Boston, who was one of the supervising architects of the World's Fair grounds. All the new inventions which genius has contrived will be used by this establishment.

An Austin crushing plant, with an ar

ray of graders and dump wagons, has already been ordered and will set to work in a short time on the roads about the farm. Private boulevards will be maintained along the south side of Turtle creek. The landscapes along this road will be given much attention.

### HE SOLD BED BUG POISON

E. B. Heimstreet of This City Has Been on the Alert of Late.

E. B. Heimstreet of this city, secretary of the State Pharmacy board has caused the arrest of Wilbur & Son of Packwaukee, Marquette county. They were fined \$50 and costs for selling bed bug poison and carbolic acid in violation of the pharmacy law. Many general dealers think they can sell such goods if it is bottled and sold to them by a wholesale druggist. This is not so and the pharmacy board will prosecute every case where such goods are sold contrary to law, and this is but the first of a number of suits of the kind. The fine goes to the school fund of the state.

### EARTHQUAKE AND TIDAL WAVE

Property Damaged in Several Towns on the Mexican Coast.

City of Mexico, May 19—Reports from the Pacific coast towns show that the earthquake of Wednesday, which was comparatively slight in this city was more severe along the coast.

A tidal wave succeeded the second shock doing considerable damage to coast towns in the states of Colima and Jalisco. Houses were submerged, boats swamped, and several natives drowned. The seismic movement was from the southeast to the northwest.

The Relation of the Taxpayer to Municipal Expenditures—William J. Anderson, member of State Tax Commission.

Election of officers and selection of convention city.

Evening.

Entertainment by citizens of Janesville.

An Address Issued.

The following address has been issued: To the Officers of Wisconsin Municipalities: We desire to call your attention to the coming convention of the League of Wisconsin Municipalities which convenes at Janesville on June 7th and 8th. We are pleased to present a program of great practical interest and in including prominent men of the state; but in addition to the papers and their discussion, we urge that you do not overlook the social value of the convention.

In view of the fact that most of the mayors of the state receive no compensation for their services to the public, and their little opportunity to become acquainted, we suggest that you follow the precedent already established by some of the cities of the state, and pay the traveling expense of your delegates to the Janesville convention. We further suggest that you select an alternate delegate so that your city may be represented in case your regular delegate cannot attend. We urge that each city send its representatives whether it is a member of the league or not. It is invariably leads to membership.

We desire to call your attention to the fact that the United States Voting Machine Company will place on exhibit at the coming convention one of its voting machines which will doubtless prove of great practical interest to all in attendance.

Urging each city to send its representatives we are

Most sincerely,  
A. S. DOUGLAS,  
Mayor of Monroe, Pres. of League.  
VICTOR P. RICHARDSON,  
Mayor of Janesville.

## JOHN P. ALTGELD SHOWS UP.

Ex-Governor to Take a Hand in Illinois Politics.

Chicago, May 19.—Now that the Altgeld Democrats feel sure Mayor Harrison will not be a candidate for governor, they are beginning to talk harmony, and some of them even go so far as to say they would work for him if he were chosen to lead, the state ticket. It is pointed out that they feel safe in making the assertion and believe the mayor will not run. With this assurance the Altgeldites are bestirring themselves and making ready to take a hand in the June primaries. Their purpose, it is supposed, is to put the ex-governor on the national delegation and give him an opportunity to be a big gun on the floor of the Kansas City convention, as well as in the caucus of Bryan leaders. Whether Altgeld is a delegate from Illinois or not, it is conceded he will be a power in the Democratic campaign. His Chicago backers want to give him the additional advantage of being a state delegate in spite of the fact the dominant machine is against him.

## PARIS OPENS SUBWAY LINE.

Trial Trip on the Underground Railway Is a Great Success.

Paris, May 19.—The first trial trip on the Paris underground railway was made by the directors of the road this morning. The few who were privileged to make this trip were newspaper men. The passenger cars are much like the American cable cars. They contain thirty-two seats, and have room for ten to stand on the platforms. The fare is three cents second-class and five cents first-class. Thus this underground system is cheaper than the surface cars. "We wanted to prove," said Director Roederer to the newspaper men, "that if the United States can afford a five cent fare, we can also." The new system will be very welcome to Parisians. The tunnels are lighted by electricity. The little stations are models of comfort, neatness and cleanliness and in marked contrast to the London underground roads. The road will not be thrown open to the public for several days. During that time a thorough test will be made of the road and its equipment.

## ASSOCIATED PRESS WINS.

Washington Supreme Court Decides Against G. G. Lawrence.

Olympia, Wash., May 18.—The supreme court has affirmed the decision of the King county court in the case of George G. Lawrence, appellant, vs. The Times Printing Company and the Associated Press, respondents. This action was brought up by Lawrence to restrain the Times from using the Associated Press news dispatches and compel the Associated Press to enter into contract to furnish him the news under the old news franchise of the Press-Times, which he claims to have acquired by purchase at sheriff's sale in 1891. In the lower court the defendants demurred and were sustained therein. The opinion states that plaintiff, under his certificate of sale and the sheriff's return, does not show that he holds any right under the contract if such existed between the Times Printing company and the Associated Press.

## Stillwell Is President Again.

Kansas City, Mo., May 19.—Arthur E. Stillwell is again at the head of the Guardian Trust company of Kansas City and Chicago. At a meeting of the board of directors held in this city, Mr. Stillwell was elected president of the company, and Vice-President E. L. Martin was reinstated in charge of the branch office in this city. The reinstatement of Mr. Stillwell as president of the trust company is said to mean defeat for John W. Gates, who forced Mr. Stillwell's retirement last December, and that the Guardian Trust company will finance the Orient railway.

"I found your medicine a blessing to me and my family."

There are women who feel something like a grudge against the children, who, one after another rob their mother of her beauty and strength. Men do not usually realize how much the mother gives to each child to her own loss. Women accept it as part of the obligation of Nature and pay the debt grudgingly. Yet in Nature's plan every child is a new joy and fresh happiness. It isn't the children that steal the mother's strength. It is the unnatural drains and pains which weaken her.

Every woman who has used Dr. Pierce's Favorite Prescription has found in it the one thing woman has waited for. It stops the drains, heals inflammation and ulceration, makes the baby's advent a pleasure and his life a blessing. No opiates or narcotics are contained in "Favorite Prescription."

"I read what your medicine had done for other people," writes Mrs. Edwin H. Gardner, Box 70, Beechwood, Norfolk Co., Mass. "so I thought I would try it and I found that it was a blessing to me and my family. I began in June and took six bottles of your medicine, and three vials of Pellets. I took your medicine a year when I had a ten pound girl. I had the easiest time I ever had with any of my children. I have been very well since. I took three bottles of Favorite Prescription, three of Golden Medical Discovery, and three vials of Pellets. I had no appetite and could not eat much without it distressing me. Before I took the medicine I only weighed 135 pounds and now I weigh 175." Dr. Pierce's Pleasant Pellets clear the brain by cleansing the body of the corruption which clouds it.

"Just see, father, how this stocking is ruined, and I've only worn it once. I thought it was because Jane had rubbed it too hard, but mother says it's all the fault of the soap that Jane used. And she wants you to be sure and order a box of Ivory Soap to-day."

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the Ivory;" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

## ADMITS PART IN FRAUDS.

Deputy Reeves Surrenders \$4,500 Given Him by Neely.

Havana, May 19.—W. H. Reeves, deputy auditor of the island, made a confession at midnight and gave up \$4,500 given to him by C. F. W. Neely, the arrested financial agent of posts at Havana, to perform certain services the day he left.

Gen. Wood and the postal inspectors refuse to disclose the nature of the confession, barely admitting that the confession has been made. It is claimed that \$1,400 more will be recovered today.

## New Charge Against Neely.

Muncie, Ind., May 19.—One of the government detectives who has been here working the Muncie end of the Cuban postoffice embezzlement cases made the statement yesterday that the real steal has been in the sale of counterfeit stamps, which, it is alleged, have been printed in the office of a printing company in this city.

## Dewey Gives Up Candidacy.

Washington, D. C., May 19.—Mrs. Dewey has decided that the admiral shall not be a candidate for the presidency. She has arrived at this decision after noting their reception on the recent swing around the country and mature consideration of the onerous duties of the office that are likely to wreck the health of her husband. The admiral is of like opinion. He has admitted to some of his friends that he does not understand how he ever came to get the idea that he would like to be president. He says he ought to be satisfied with the fact that he possesses a high station, a comfortable and happy home, the esteem of his countrymen and the satisfaction of knowing that he performed a service for them in a way to win their approval.

## To Receive the Shah.

Moscow, May 19.—A Warsaw dispatch says that elaborate preparations have been completed for the reception of the shah of Persia, who is to arrive in that city tomorrow. After remaining two days in Warsaw his majesty will proceed to Contrexeville, where he will make a stay of one month to take the waters. June 22 he will go to Baden, and thence proceed to St. Petersburg, where he will remain four days. His subsequent itinerary includes visits of four or five days each at Berlin, Paris, London, Brussels, The Hague and Vienna.

FIX UP THE STREETS.

In carrying out the new go ahead policy recently inaugurated in Janesville, the value of good streets should not be underrated. Nothing adds more to the attractiveness of the town, and at the same time insures the comfort and convenience of the citizen. Good streets are a standing advertisement, and too many of them cannot be built.

The council is now working under a section of the general charter law that gives it authority to act. Under this system, the property benefitted stands the expense. While this system is open to some just criticism, it must be admitted by all that it is the nearest to a perfect plan that has yet been evolved. Its legality has been upheld by the supreme court, and in operating under it, Janesville has secured more good streets, in a shorter time, than ever before.

The council was wise in adopting this section of the charter, and full use of it should be made. The complaints will be few and far between when compared with the expressions of satisfaction resulting. The council has right on its side in this matter, and should "go ahead." In these prosperous times, such work indicates the least hardship upon the people. Let us make hay while the sun shines.

One of the aldermen declares that "we now have a council that The Gazette cannot run." Of course. The Gazette does not want to run the council. The council, in adopting The Gazette's platform, has, of course, pledged itself to carry it out. That's all The Gazette wants, gentlemen, and public sentiment supports the position taken. The people are in favor of progress at any reasonable expense. This statement has long been vouched for by The Gazette and is now corroborated by the council, the Exchange Taxation Organ and others who are in a position to know whereof they speak when they bear testimony as to the correctness of The Gazette's contentions. That's up the work, gentlemen. There is no time like the present.

It is thought, however, that "rioting and bloodshed" will not follow the "strife" between local lumbermen in bidding for the city contract for the ensuing 1 (one) year. We hope that there will be no trouble, and no necessity for police interference, but you never can tell what such strife will lead to—perhaps even to assault and battery upon the city charter.

The air in the "city hall" weighed two pounds to the square inch, today, and was gradually eating the paint off of the workword in the city offices. An attempt to bottle some of it failed, as 9,462 bottles were broken by the atmosphere confined therein.

The Hon. James J. Corbett says he is "as good a democrat as ever lived." Just what the Hon. James meant by this declaration is not clear, but it was evidently intended as a sort of dave-hillism.

Mrs. Dewey has changed her mind again, and says she will "endeavor to induce the admiral to withdraw from the race," because "the strain of being president would injure his health."

The Hon. Mr. Trippler may know all about liquid air, but he can learn a good deal about solid air by making a trip through Janesville's palatial city building.

Of all the cold deals ever sprung on the people by Boss Croker, the last is by far the worst—it's an ice trust.

The Hon. Hinkley Dink, and the Hon. Bat'house are not—but let it pass.

Attention is called to the fact that a "notice to contractors" who desire to

put in bids for lumber is published in another column, and strenuous and disastrous competition and strife between local enterprise will doubtless be the result. Too bad, isn't it?

THE GOVERNORSHIP.

Lake Mills Leader—The Janesville Weekly Gazette of last week gave to Senator Whitehead very strong endorsement, and quoted the opinions of a number of men and newspapers, all speaking strongly in his favor as a candidate for the office of governor of Wisconsin. Among those whose opinions were quoted was that of Judge Orton, who spoke particularly of Mr. Whitehead's career in the state senate, where he says Mr. Whitehead exhibited great ability and proved himself an untiring and successful worker for the right. It is a well known fact that because of Mr. Whitehead's proven ability and force as a legislator he made a lasting impression on the minds of all who watched his career, and gained the especial admiration of the people of this district, and it would seem strange indeed if with so clear a picture of legislative work before them, coupled with his staunch character and legal ability the First district does not give him a solid delegation in the state convention. Probably there is no doubt about the matter and it is more than reasonable to suppose that his fitness, so well known, will bring to his support a goodly number of delegates from other parts of the state. It is no disparagement of other candidates to say that Mr. Whitehead is a peer of the best, strong, straightforward, and unflinching for the right; and that with his legally trained mind and comprehensive knowledge of public affairs, he gives much more than average promise of being, if elected, one of Wisconsin's strongest executives. With him for a candidate the First district will offer the convention timber that is straight in the grain and of extra fine fiber.

Broadhead Independent—The long expected announcement has come, Robert La Follette will be a candidate for governor in the interests of harmony in the republican party and for the best interests of the state. Mr. La Follette is an able man, but just why we needed another candidate in the interests of the reforms for which he so eloquently pleads, when it is well known that J. M. Whitehead nobly represents them all, is a question in the minds of some patriots. It may be that Mr. La Follette fully believes that it is the wish of the majority of the republicans of the state that he individually looks after these reforms.

Well, it is race free for all and the entries so far have all been pure, high bred candidates, known to be able to run well. Not a man among them but would make a good governor and several of them personal friends whom under ordinary circumstances we would wish success in any undertaking. It is a fine array of names; Hon. J. M. Whitehead, Gen. Earl Rogers, Hon. Ira B. Bradford, Hon. W. A. Jones, Jones of Waukesha, and Robert La Follette. But we believe the man first named, the man from the first district, J. M. Whitehead of Janesville, is bound to win. At all events the first district is proud of its candidate and is proud to follow his colors.

Beloit Free Press—There are good men in the field for the Republican nomination for governor of Wisconsin, but Rock county is proud to point to its citizen, Senator Whitehead, as the peer of the best in all that goes to make the clean and able statesman. Mr. Whitehead is a man of the people, appreciative of the wants of the people of that great class who makes the wheels of industry go round. Fair, and just, he makes no pretense of superior public virtue, but lets his public acts and daily life speak for him. Sympathizing with all interests, he would have justice rendered to all. A man of the people, he is for the highest interests of all the people. Such is J. M. Whitehead, the First Congressional District's candidate for governor.

First Lumber From Manila.

The first piece of lumber ever shipped to the United States from Manila was received the other day by a New York dealer, who christened it "Luzon wood" and sold it to a firm of piano manufacturers, says the New York Sun. It was found to be a remarkably fine specimen of mahogany and was used for a piano case by the firm that has the reputation of doing the finest work in this particular. So soon as it was heard by the dealers in musical instruments all over the country that there had been made a piano case out of wood from the Philippines there was an immediate demand for more of the same kind, as it was thought that the advertising value of such material would be great. It is not probable, however, that much of this kind will be used here, in spite of the excellent quality of the specimen already received, which came by way of Liverpool. The charges for shipping are too great to make such importation profitable, and in spite of its excellent quality Luzon wood, which only means mahogany from that island, is not likely to even become very generally used.

TO VIEW SUN'S ECLIPSE.

Preparations of Princeton Scientists to Take Observations.

Professor C. A. Young, the world's greatest authority on the sun, has given to the New York World an idea of the extensive preparations, being made by Princeton scientists for viewing the total eclipse of the sun on May 28.

This celestial phenomenon, he said, is stirring up great interest among all of Princeton's astronomers, physicists and mathematicians, and a large number of professors will leave the university shortly for Wadesboro, N. C., where the party's headquarters will be. Professor Young expects great scientific results from the expedition, which will be the largest undertaken by any of the universities.

When interviewed, Professor Young was busily arranging the two score trunks that will accompany the scientists. He said the 12 foot telescope would be under the charge of Professor Brackett and Mr. McClellan in photographing the corona. Professor Libby will have the smaller cameras and will photograph the corona and surrounding field on a smaller scale.

Professor Reed will use the fire prism spectroscopic of the 23 inch telescope of the Halstead observatory for photographing the spectrum of the corona. Professor Magie will visually observe the corona and prominences with a four inch telescope, at the same time making drawings of any peculiar features of the prominences and corona.

Mr. Russell will observe the spectrum of the corona with a grating spectroscopic attached to a five inch telescope. Professor Young, in co-operation with Mr. Fisher, foreman of the machine shop, will have charge of the mechanical work. Many minor instruments will be taken along for the use of the volunteers who may be present at the station. The university is indebted to Taylor Plue and the executors of the John Green estate for a subscription of \$1,200 to defray the expenses of the expedition.

## SOLD FOREST PARK LOTS AT AUCTION

BUYERS WERE NUMEROUS THIS AFTERNOON.

Bidding Was Spirited at All Times, and Good Prices Prevailed Throughout the Sale—May Result in Many New Homes in This Part of the City—Sale Proved a Novel One.

Many local and out-of-town residents assembled in the addition to Janesville known as Forest Park this afternoon and took an active part in the selling of many lots. The sale was advertised to take place at 1:30 o'clock but it was well over 2 o'clock when Auctioneer W. T. Dooley offered the first lot for sale.

The day being an ideal one resulted in a good crowd being in attendance. Many were present from out of the city. Several farmers residing near Emerald Grove were on hand. Although many were in attendance merely out of curiosity, it was quite evident that the majority were willing to speculate. Many home-seekers were also among the bidders. Nothing was allowed to lag and at all times the bidding was of a spirited nature. Several days ago each lot was staked out and on each stake the price was marked. As soon as one lot was disposed of today the crowd moved on to the others. The lots sold at auction are among the most moderate priced building lots in the city of Janesville.

The property is supplied with city water, gas and electricity and the street cars make every part of it accessible. The lots are scattered from Ruzer avenue to Racine street and have been held at prices ranging from \$200 to \$600. Lots within two blocks of this property are selling for from \$1,500, up.

Thirteen years ago the Forest Park Addition to the City of Janesville, comprising seventy acres, was platted into 220 lots, of which fifty-five remained unsold. The owners, desiring to close up the affairs of the Forest Park Company, offered these lots, without reserve, to the highest bidder today.

As the result of the sale the indications are that several new homes will be erected this summer in this portion of the city. Many of the purchasers are men who have expressed their intention to build.

## MRS. BOSTWICK ENTERTAINED

Gave Afternoon Tea Today in Honor of Visiting Guest.

Mrs. J. L. Bostwick was hostess this afternoon at a delightful ladies' afternoon tea given at her East Milwaukee street home. The event was in honor of Mrs. Morehouse of Milwaukee. The rooms were beautified with cut flowers and potted plants presenting a most inviting appearance. The afternoon was spent in the playing of euchre. At small tables the serving of refreshments took place. About forty ladies enjoyed Mrs. Bostwick's hospitality and the function proved one long to be remembered.

## FIVE THOUSAND FOR JOHN BLOCK

Jury in This Afternoon—The Defendant Is G. A. Lanphier, the Hardware Dealer.

The jury this afternoon in the case of John Block vs. G. A. Lanphier brought in a verdict in favor of the plaintiff, assessing \$5,000 damages against the defendant.

The plaintiff brought suit for \$20,000 damages, alleging that the defendant paid too much attention to his wife, Mrs. Block.

In all probability the case will be appealed.

Factual arguments in the case of John Block vs. G. A. Lanphier were made this morning in the circuit court of Rock county. Attorneys Smith and Pierce spoke in behalf of the defendant and M. G. Jeffris and John Cunningham in behalf of the plaintiff. At 12:27 o'clock the case went to the jury.

Death Left by Earthquake.

City of Mexico, May 19.—Reports from Pacific coast towns show that the earthquake of Wednesday, which was comparatively slight in this city, was more severe along the coast. A tidal wave succeeded the second shock, doing considerable damage. In the coast towns in the states of Colima and Jalisco houses were submerged, boats swamped and several natives drowned. The duration of the shocks generally was one minute. Where they were most severe, however, they lasted but two seconds.

Ocean Steamer Is Disabled.

New York, May 19.—The Atlantic Transport line steamer European, which arrived today from London, reports that on May 10, in latitude 40.02, longitude 26.10, at 11 a. m., she signaled the steamer Britannia of Sunderland, temporarily disabled. Assistance was offered by the European, but declined by the Britannia's master, who, it is supposed, expected to speedily effect repairs to his machinery. The Britannia was reported to have left Cardiff on May 3, in ballast for Norfolk.

## THE DANTON OF THE STRIKE

Eloquence of a St. Louis Conductor Who Is Studying For the Pulpit.

Clarence Richeson, who was a conductor that he might earn money enough to become a preacher, joined the St. Louis street railway strikers and became their orator par excellence. Richeson is the Robespierre, the Danton of the present struggle in the sense that he is the eloquent voice, his masterful mind, his compelling magnetism, which draws all his associates toward him and makes them defer to his opinions. But he is distinctly not the Danton or the Robespierre of this labor revolution in the sense of being a demagogue, an agitator, an inciter to violence. Richeson counsels calmness. He advises the men to stand firm, but not to violate any law. He advises them to yield no jot or tittle of what they deem their rights, but to avoid violence, to do no wrong.

"I make mistakes," says Richeson, "but I never do wrong intentionally. My life purpose is to avoid doing wrong. I am going to try to teach other men to do the right and avoid the wrong."

Young Richeson is an interesting character. He was born in Lynchburg, Va., a fact which no one will question after hearing one of his speeches, for his accent is distinctly of the plantation. In his speeches to the men Richeson said: "This is the grandest year, the grandest month and the grandest day of our lives. We have determined to insist upon our rights. We are going to maintain our rights. We do not seek more money, but merely reasonable conditions."

"We demand to be treated as men, not as slaves. We belong to no man, no corporation. Our bodies and our souls are ours. We have promised good work for the company in exchange for fair treatment. We have given the good work, but the fair treatment has been denied us. All we ask is common justice."

We read in an eastern newspaper that a certain distinguished poet received \$150 for a sonnet. But such a price need astonish no one. It frequently takes a conscientious poet fifty years to write a sonnet worthy of such financial rating. You can't turn them out three a day and get that price for them. ## ROCK COUNTY BOYS WOUNDED IN BATTLE

REPORT COMES BY MAIL FROM THE PHILIPPINES.

The Report is to the Effect That Young Men from the City of Evansville Are the Unfortunate Ones—Frederick J. Duller, of Janesville, Sends the News—Sends Gazette Brief Letter

Frederick J. Duller of this city, who is now stationed in the Philippine Islands as a member of the United States army, writes The Gazette the following brief letter from a small town located near the city of Manila:

"The boat will leave for Manila in about an hour, and I will take a few moments and drop a few lines. We had a very severe earthquake shock here last evening. It was shortly after tape, and the boys were all in bed when all at once a rumbling noise resembling thunder, rolled through camp. Our house rocked as if it were so much cork. It almost frightened some of the boys to death. The young men from Evansville that enlisted in the Forty-Fifth regiment, fought a hard battle about twelve miles from here the other day, and from what I can learn I hear that some of the Rock county lads were wounded. We expect to leave soon for the city of Manila to relieve the Twentieth regiment. We all hope the report is true, for we can have a good time there. Well, the corporal is yelling for the mail, so I will close for this time."

To Settle Congo Dispute.

Antwerp, May 19.—Belgian financial circles that have invested largely in the Congo Free State are much relieved by the Congo's administration's publication of the terms of provisional agreement reached by the Congo Free State and Germany relative to the disputed Kivu district. Everything now indicates that the matter will be settled in the most amicable manner.

Colombian Rebels Beaten.

Colon, May 19.—The government has received confirmation of the reported defeat of the Colombian insurgents in the department of Santander. Four hundred rebels were killed and 1,200 taken prisoners. Gen. Uribe, with 600 Insurgents, is in full retreat. The United States gunboat Machias has arrived here.

Kansas City's State Line.

One of the unique institutions of Kansas City is State Line street. Kansas City is located on the border line between Missouri and Kansas, occupying a liberal stretch of territory in each side of the boundary. The Missouri state laws prohibit gambling within its borders, while Kansas is famed for its prohibition laws. A choice array of gambling resorts lines the north side of State Line street, which is located on Kansas soil, while the opposite side of this thoroughfare in the state of Missouri is made up chiefly of saloons.

## TWO HEROIC WOMEN.

How They Rescued Lives During Disasters Among the Treacherous Waters of the Channel Islands.

BY ELIZA ARCHARD CONNER

Mr. Gilbert Parker in his novel, "The Battle of the Strong," calls attention to the fact that on the map the island of Jersey in the English channel is shaped like a tiger, with its mouth open to fear and devour.

It is a fact that many a fair ship and blithe fishing boat have gone to their death in that yawning mouth. Beautiful and picturesque as they are, there is scarcely anywhere a spot more dangerous and treacherous for navigators than the coast of these same fair islands, with their sunken rocks and fogs, their racing high tides. Off Corbiere point, at the southwest corner of Jersey, the tide rushes in 40 feet high. Piercing winds sweep these rocky shores

"JUMP AND SAVE YOURSELF," at times, and when high tide and strong wind race in toward the coast together the sight is one to make you breathe a prayer for all ships out at sea. Invisible undercurrents suck in and out among the great rocks, too, and lure vessels to their destruction.

During the past season two excursion steamers have been wrecked off the coast of these treacherously smiling Channel Islands, first the Stella of the Alderney coast, then recently the Ithex off Guernsey. The two belonged to rival companies, so that one cannot taunt the other with its loss.

The Stella went down with a great load of tourists on board. Their bodies are still from time to time washed ashore among the islands. On the Ithex, happily only two lives were lost. Both captains were blamed. He of the Stella, fortunately for his own good name and future peace of mind, went down with his ship and was drowned. The Ithex's captain lived and escaped to have his master's certificate taken from him and to be reduced for a time to the rank of first mate.

Of the men drowned on the Ithex one was lost through his own panic and wild terror. He was within four feet of rescue, but dared not let himself drop into the sea to be picked up by a boat. He was so near the boat that those within it could see the awful look in his face as the wreck went down and the waves swallowed it and him.

But it has never been mentioned in any newspaper that the two most heroic characters who shone forth clear and steady in those moments of wild fright and disaster on both the doomed vessels were in each case a woman and in each case the stewardess of the English channel.

Each of them saved other lives at risk of her own. One literally gave up her own life for another's and went down with the ship when she might have escaped only for this sacrifice. The other lives and goes on with her duties as though nothing had happened out of the common, she, too, perhaps finally—who knows?—to find her grave among the foaming waters of the English channel.

The Stella stewardess was Mrs. Rogers. She had been on one of the lines between England and the Channel Islands many years. She was a dignified, kindly woman, thoroughly attentive to the wants of passengers. Those who had occasion to cross by her ship came to know her well, to respect her more as a friend than as a mere stewardess.

It is nearly a year since the Stella was lost, a long time in the history of events that run, yet strangers hear of it still in Jersey the name of Mrs. Rogers, coupled with lament for her loss.

Out of a steamer load of people on the Stella only 30 souls were saved, although it was broad daylight, 4 o'clock in the afternoon. The suddenness with which she struck and sank may be known from that. In the frantic haste and fear there was no time to buckle on life preservers even if these had been at hand when they were wanted. In any case, few frightened passengers have presence of mind to put them on. Mrs. Rogers, however, had secured one for herself and was on the point of fastening it about her preparatory to leaping into the sea. Just at this moment, however, a woman passenger, white, trembling and terrified, appeared before her. Undoubtedly 99 persons out of 100 would have kept the life pre-

server for themselves. Perhaps Mrs. Rogers might have done so if she had not been the steamer's stewardess. As it was, however, she hesitated not an instant, but pulled the life preserver from her own shoulders and buckled it around the despairing lady.

"Jump," she said, "and save yourself. Goodby, and God bless you!"

And those were the last words heard in this life from as brave and sweet a woman spirit as ever breathed. The lady was rescued. The last seen of Mrs. Rogers was standing beside the captain of the Stella, and a moment later the sea swallowed them and the ship, and that was the end.

Greater love hath no man than this, that he give his life for his friend, but here was a woman who gave hers freely, cheerfully, for an utter stranger! What love can be greater than this?

The second trip after the Ithex disaster I went to England from Jersey in the steamer that had taken her place. With the instinct of grumpy persons who feel as if they had seen almost every phase of life and don't want to be bothered I wrapped myself in myself and said nothing to anybody.

I noticed, however, that the steamer's stewardess seemed an uncommon sort of woman for her place. She was a young woman, neatly, almost daintily, dressed and had a brisk blue eye that took in more at a glance than ordinary women do in five minutes. Her language was quite correct and refined too. I overheard her and the steward talking together about some money that had been lost, but again, with my weary of the world air, I paid no attention.

It never occurred to me that the two, steward and stewardess, were survivors of the awful Ithex wreck, that they were employees of the company and that their bread depended on their going straight on with the next steamer on her regular trip to England, for all the world as though nothing had happened overnight! Nerves are a luxury it is not for the like of them to indulge in. Yet these women who had been wrecked and lost all their belongings one day actually sailed on their regular trip next morning.

A passenger on the Ithex told me afterward the story of the wreck. From him and from several others I heard that the women passengers one and all displayed perfect coolness and self command, far more than the men. It was before daylight in the morning when the steamer struck. The passengers were in bed. They had not time to dress. One lady was lifted into a boat with a rubber rain coat around her and almost nothing else, yet it was more with the wintry cold than with fear that her teeth chattered as she intelligently obeyed every order issued by the ship's men.

A soldier's wife was on board with five little children, all in bed, like the other passengers. The ship sank within 15 minutes after she struck. Little time was there for anybody to think of anybody but himself. The distracted mother did her best to collect her little ones, yet at the last moment it was found that one was missing. The child was in its bed in the cabin. The cabin was fast filling with water. The ship might founder at any moment.

The Ithex stewardess, Miss Lowman, keen faced, clear eyed and cool as if she were on land instead of upon a

CARRIED THE LITTLE ONE UP TO SAFETY.

sinking ship, ran hither and thither, doing all that one brain and two hands might to relieve the situation. In an instant, learning that one child was missing from the count, she darted down the staircase, waded across the cabin through water already up to her knees and carried the little one up stairs and to safety. But for her it would undoubtedly have gone down with the ship, for there was none other to rescue it.

Then, when the passengers and crew were on deck, this splendid young woman stood quietly back till they were all loaded into the boats—every one. When all were in place, she and the captain of the Ithex climbed into one of the boats also and were rowed to shore. Miss Lowman was the last person to leave the sinking ship except the captain.

## PLEAD FOR SUNDAY REST.

Sharp Discussion in the Presbyterian General Assembly.

St. Louis, Mo., May 19.—The Presbyterian general assembly closed a long discussion on Sabbath observance by passing a resolution requesting the newspapers of this city not to print in their Sunday editions reports of the proceedings of the Saturday session of the conference.

One resolution read, as presented by the committee, of which James Yerance of New York is chairman: "We deprecate the rapidly increasing Sabbath slavery of corporate employees in this country, so that today by careful estimate no less than 4,000,000 men are thus enslaved and robbed of their inalienable rights to this day of rest."

Rev. G. Kennedy Newell of Plainfield, N. J., objected to the use of the words "slavery," "enslaved" and "robbed" in the resolution, declaring that he had just ridden on a car to this city where the blood of the wounded motorman injured by the mob of strikers was still visible. For the Presbyterian church to use such words as "slavery" and "robbed" would, he said, give countenance to men who would misunderstand the meaning of the terms used by the general assembly.

Rev. Dr. William McKibbin of Cincinnati gained the floor at this point and made this statement: "If the facts presented in this report are not true, there would be no strike in St. Louis today," but in spite of that statement Mr. Newell's amendment was adopted and the word "slavery" became "employment," and the terms "enslaved" and "robbed" now read "forcibly deprived."

Arbitration Is to Rule.

New York, May 19.—Two hundred thousand workmen and \$75,000,000 in capital are bound in harmony by an agreement reached by the arbitration commissions of the National Metal Trades Association and the International Association of Machinists, which have been in session for days in the Murray Hill hotel in this city. If the employers are the objectors they cannot look out their employees. The work must be done and the wages paid, no matter which side has a grievance. If the national arbitrators fail, which is considered out of the question, then a strike or lockout may be declared.

Lone Highwayman's Gentility.

Stockton, Cal., May 19.—Both the Yosemite valley stages—one going each way—were held up by a lone highwayman at Big Neck Flat. About \$200 was secured from the passengers. Neither the ladies nor the Wells-Fargo treasure box were molested.

Lay out fat one pound of round steak and spread with the mixture. Roll up tightly and tie with string. Bake with flour. Try out quarter of a pound of lard and brown the roll in the fat. Put the roll in a deep saucepan. Make a gravy of the fat in the pan by stirring two tablespoons of flour and half a pint of boiling water or stock. Stir until it boils. Pour over the beef, add one tablespoonful of Worcestershire sauce, one bay leaf, a sprig of parsley and half an onion, cover the saucepan and simmer for two hours.

TESTS PATIENCE.

The Most Patient Janesville Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition. Nothing taxes a man's patience. I like any sickness of the skin. Itching Piles almost drive you crazy. All night it keeps you miserable. Itch! Itch! Itch! I will no relief. Just the same with Eczema. You would do so but you know it makes it worse.

Such miseries are daily decreasing. People are learning they can be cured. Learning the merit of Doan's Ointment.

Plenty of Proof that Doan's Ointment will cure Piles, Eczema or any itching of the skin.

Read the testimony of a Janesville citizen.

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itchiness of the skin, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchiness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Doan's Ointment is sold for 50 cents per box by all dealers. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

## HEALTHY OLD AGE.

I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.  
MRS. E. B. TOWNSEND.

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

## LATE TELEGRAPHIC NEWS.

## TO PAY LOSSES OF SOUTH.

House Passes Bill to Reimburse Lee's Soldiers

FOR PERSONAL PROPERTY

Surrendered at Appomattox—The Amount of the Appropriation Was Made Indefinite—German Interests—The Clark Case.

Washington, May 19.—For the first time since the rebellion the house passed a measure to pay confederate soldiers for losses growing out of the civil war. It was a bill introduced by Mr. Cox (Tenn.) to pay confederate soldiers who surrendered at Appomattox for the loss of horses and other personal effects taken from them in violation of Lee's capitulation to Grant, by which officers and men of Lee's army were allowed to retain their baggage, side arms and horses. The bill originally carried \$200,000, but the specific sum was stricken out and the appropriation made indefinite. The bill was passed out of its order as a special compliment to Mr. Cox, who, after ten years' service in the house, is to retire at the end of his present term. Many other claims bills were passed.

## German Interests in Americans.

Washington, May 19.—In view of the recent Monroe doctrine speeches of Secretary Root and Senator Lodge particular interest attaches to the forthcoming bulletin from the bureau of American republics because of a page treating of the extent of the German interests in the three Americas. The fact is established, however, that the German interests in the Americas reach the enormous total of 5,000,000,000 marks. According to the statement, about 600,000,000 marks has been invested in Argentina, 250,000,000 marks in Brazil and 300,000,000 marks in Chile. The capital invested in the United States is shown at 2,000,000,000 marks, which amount just balances that of all the countries of South America combined.

## Receipts Double Expenditures.

Washington, May 19.—The war department sent to the senate in answer to a resolution an itemized statement of the receipts and expenditures of all sorts in Cuba. The actual cost of the Tricentennial railway connecting the harbor of Havana with the interior railroad system of Cuba was \$342,611. The United States government has been reimbursed from the island revenues. The statement shows that the total receipts from all sources in Cuba for the year 1899 were \$16,316,590. The expenditures are set down as \$7,421,719.

## Old 2 Per Cent Bonds Called In.

Secretary Gage at the cabinet meeting presented an argument in favor of the retirement of the old 2 per cent bonds, which convinced the president and secured the sanction of the other members of the cabinet. The bonds will immediately be called in. They have been outstanding for a long time, and for awhile drew 4 1/2 per cent interest. There are \$25,000,000 of them, and the holders will be given ninety days in which to surrender them. After that period interest will cease. Most of these old 2 per cent bonds are held by banks.

## Pneumatic-Tube Debate Caustic.

Washington, May 19.—Nearly the entire day in the senate was devoted to the pneumatic tube system service in the postoffice appropriation bill. The debate at times was sharp and almost personal. Senator Morgan introduced a resolution to investigate the Panama Canal company, and in a speech severely criticised that company. Senator McCumber made a speech in favor of the retention of the Philippine islands, during which Senator Tillman took issue with him over an assertion that the people of the south were glad the confederacy was unsuccessful.

## TO PUSH THE CLARK CASE.

Senate Committee Urges Action on the Resolution.

Washington, D. C., May 19.—The senate committee on privileges and elections has directed Chairman Chandler to press action on the Clark resolution as originally reported. The following dispatch was received and read to the committee from Gov. Smith, dated Butte, Mont., May 17: "Hon. W. E. Chandler, Washington: I desire to present in as forcible a manner as possible my protest against the course pursued by the Hon. W. A. Clark in attempting to defeat the action of the senate of the United States upon the resolution presented by the committee on privileges and elections affecting his title to a seat and to protest against the methods pursued by him in securing an appointment at the hands of the lieutenant-governor during my absence from the state under circumstances and conditions which, to my mind, indicate collusion and fraud. His conduct in attempting a resignation and procuring a reappointment under the conditions as he did, if the matter was before a court of justice, would have been considered a contempt of court on his part. I therefore trust that the committee and the senate will proceed to a proper and complete consideration of the question."

so that the rights, not only of Mr. Clark, but of the state of Montana, in the premises, may be determined, and that upon the presentation of his credentials of appointment by the lieutenant-governor, the same be transferred to the committee on privileges and elections for investigation and that I be permitted to make a more complete and detailed statement of facts concerning the resignation and appointment of Mr. Clark."

## Rescuer Is Near to Death.

Derby, Conn., May 19.—While in a sawmill in Huntington E. Treat Hubbell, aged 24, of this city, saw Emma Donnelly, aged 3, fall into the saw pit. Death was in the saw should she move, and to stop it Hubbell threw his shoulder against the power belt. In his pocket was a photograph of Miss Jennie Chaffee, his sweetheart, and in this a wire in the belt caught. Hubbell was drawn upon the belt and pitched over the horizontal engine. He was picked up unconscious with his left arm crushed and he was otherwise injured. The name of his sweetheart was on the photograph, and word was sent to her to learn his identity. She fainted and did not recover until Hubbell was brought to her and she was told he would live. The little girl was rescued uninjured.

## Soldier Killed by Guards.

San Francisco, Cal., May 19.—A. C. Bergum, a military prisoner at the Presidio, was shot and instantly killed while trying to make his escape with several other prisoners. The guards ordered the men to halt, but Bergum continued to run for a clump of woods, and was just on the edge of a thicket when he was shot, one bullet passing through his head and another through his lungs. The dead man was a private of the Twentieth United States infantry, and was serving a three years' sentence for sleeping at his post during service at Manila. The other prisoners were captured.

## Poison in the Medicine.

Hastings, Mich., May 19.—A. R. Smith of Hope township was arrested here, charged with attempting to poison his wife by putting Paris green in her medicine. He is 83 years of age and well-to-do farmer, having a large farm and money out at interest. Domestic unhappiness is doubtless responsible for the act.

## Pale and Weak Women

Beauty and strength in women vanish early in life because of monthly pain or some menstrual irregularity. Many suffer silently and see their best gifts fade away.

Lydia E. Pinkham's Vegetable Compound

helps women preserve roundness of form and freshness of face because it makes their entire female organism healthy. It carries women safely through the various natural crises and is the safeguard of woman's health.

The truth about this great medicine is told in the letters from women being published in this paper constantly.

## JOIN IN THE CAR STRIKE.

St. Louis Labor Unions Declare for General Move.

ARE TO QUIT IN SYMPATHY.

Serious Shootings in the Mississippi Valley Metropolis—Wires Cut, a Policeman Shot—Shooting of Two Non-Union Men and Three Others.

St. Louis, Mo., May 19.—One hundred leaders of St. Louis labor unions at 1 o'clock this morning have voted resolutions for a general strike. The action was taken after an all-night conference in response to the appeal of the street car men's union for a sympathetic strike to force the St. Louis Transit company to terms. The resolutions recommend the central controlling bodies of the trades unions to call the strike, so the action is not final. However, as the leaders who voted the resolutions are for the most part the members of the controlling bodies the declaring of the strike is considered only a matter of form, which will be disposed of shortly after daylight. The house of delegates passed a bill for the forfeiture of all the St. Louis Transit company's street railway franchises, on the ground that the cars had not been operated according to the law for four consecutive days. The measure passed the lower house by a vote of 16 to 2 and was greeted with loud cheers by the big crowd of strike sympathizers in the galleries. When the measure was referred to the council that body immediately adjourned for a week.

All peace negotiations between the strikers and the transit company are off and the city is torn by rioting and disorder. Another attempt was made yesterday by the business men to bring about an adjustment, but the street railroad company said it would be a waste of time unless the men had some new proposition to submit. The men said they were willing to hear new proposals from the company, but had nothing further to concede.

Policeman Harry E. Barton was shot while guarding a car. He was shot by a rifle in which smokeless ammunition was employed. The bullet glanced from his skull and caused only a flesh wound. A crowd of about 500 men gathered at Grand and Laclede avenues about noon and stopped three cars on the Laclede avenue line. Mortimer Richardson, from Cleveland, was shot in the back of the head and pulled off his car. After that he was beaten badly. A riot call was turned in and Capt. McNamee and a detail of police arrived. Richardson was then taken to St. Luke's hospital. He is in a serious condition. Before the mob was dispersed it had succeeded in pulling sixteen motormen and conductors from their cars. Two of the non-union men were badly beaten. The police seemed powerless to do more than yell at the mob to keep back. A second riot call was turned in from Twenty-first and Morgan streets shortly after noon. When car No. 1165 had passed this point it was attacked by a mob of rioters. During the trouble which followed Conductor Guy Fickes was shot in the thigh. When the police arrived the mob dispersed. During the excitement sixty girls appeared at the windows of the American laundry and kept shouting "scab" and singing at the tops of their voices. Both Fickes and Richardson were imported non-union men.

Strikers or their sympathizers cut out long sections of trolley wire, piled up barricades on the tracks and destroyed the Transit company's property wherever opportunity offered.

John Kenna, a saloonkeeper in Gratoit street, was probably fatally wounded, and Robert Nelson, colored, and Policeman Jacob Hollingsworth were slightly wounded at night in a riot at the south end of the Fourteenth street bridge. Kenna was shot four times by the officers, and Nelson was struck in the left ear by a stray bullet fired. Kenna shot the officer in the hand. Kenna had attempted to shoot the motorman on a street car, when Hollingsworth, who was on the rear platform, jumped off and tried to arrest the intoxicated saloonkeeper. The shooting followed. On Morgan street near Jefferson avenue huge bonfires were built at night, which had to be cleared away by the train crews. Once over the fire the dynamite cartridges exploded under the wheels, but with no other effect than to cause the passengers to abandon the cars. A squad of police with drawn sabers kept the crowd moving, but they only disappeared to mobilize again with their bonfires and explosives.

## Troops Ordered to Algeria.

Paris, May 19.—The papers here state that grave news has been received from the Morocco frontier, which the ministers refuse to communicate to the press. Orders, however, have been sent to Algeria for the dispatch of more French troops to protect the French frontier.

## the military last ::

Is all that its designers, Hanan & Sons, claim for it. Very much like the McKinley last—it is straight, with a nice full tread at the ball, broadening to a nicely rounded toe. It is "just swell". We have made up in Hanan's special brand of Russia Calf Skin—a soft, pliable leather full of wear and foot comfort. No burning sensation, no breaking in—it is the "ideal" for summer wear. At the price we sell this Shoe we say it contains more value than anything to be had anywhere in points of style, wear and comfort. The price is

**\$5.00 for this style.**

The Hanan Foot Form styles are leading everywhere. We keep in touch with the factory and are always supplied with their Newest and best city sellers. We take special interest in using only the best dressings on our free shine stand. **SPENCER,** ON THE BRIDGE

## There are Lots of Men In This City

Who, through habit, have come to the conclusion that if they want anything nice in the way of clothes, haberdashery or hats, they must go to Chicago for it. Now, for years we have worked hard to establish in this town a shop that would supply these wants of the most critical and difficult-to-please men.

### In the Clothing Department

We have succeeded beyond measure, with the celebrated makes of ready-to-wear Clothes which the majority of good dressers in this city are wearing. Just now, particularly popular are our Flannel Striped Suits, \$10.00 and upwards.

### Our Haberdashery Department

Is replete with the most fashionable Neckwear, Shirts and Gloves. Especially complete is our Custom Shirt Department. We make Shirts to order, \$1.50 and upwards.

### Our Hat Department

Offers all the swell shapes produced by the Jno. B. Stetson Co., in Derbies and Soft Hats and Fedoras. We have just received a very complete line of the new Crushers and Pearl Fedoras which are now all the go. Also the new things in Straws.

**All we ask** is the opportunity to serve you. Come here and find a hundred and one things which are not usually kept outside of the large city establishments.
